# Sensational Salads

We are delighted to introduce our range of prepared salads, perfect for use on salad bars, for food to go style operations or as meal accompaniments.

Why not combine a few of our salads to compile a light and healthy lunch? Packed in 2kg re-sealable tubs, our salads offer great convenience for the busy chef and have been designed by our food development team to ensure we offer a broad mix of flavours, colours and textures.

Our salads are particularly ideal for those operators with multiple sites who require consistency time after time, being produced to carefully regulated recipes.

Full technical specifications are, of course, available upon request. Should you require something different to the recipes you see here, please speak with your sales contact who will arrange an appointment with our experienced food development team.
